National Programme on Technology Enhanced Learning (NPTEL) is a project of MHRD initiated by seven Indian Institutes of Technology (Bombay, Delhi, Kanpur, Kharagpur, Madras, Guwahati and Roorkee) along with the Indian Institute of Science, Bangalore in 2003, to provide quality education to anyone interested in learning from the IITs. The main goal was to create web and video courses in all major branches of engineering and physical sciences at the undergraduate and postgraduate levels and management courses at the postgraduate level.

APAAR
ONE NATION. ONE STUDENT ID

The National Education Policy (NEP) of 2020, a transformative vision for the Indian education system, laid the foundation for several initiatives aimed at enhancing the learning experience for students. Among these initiatives, the National Credit and Qualifications Framework (NCrF) emerged as a key framework to facilitate seamless mobility and flexibility across educational levels.

National Digital Library of India (NDLI) is a virtual repository of learning resources which is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided. It is designed to enable people to learn and prepare from best practices from all over the world and to facilitate researchers to perform inter-linked exploration from multiple sources. It is developed, operated and maintained from Indian Institute of Technology Kharagpur (IITKh).

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions

The conceptualization of Unnat Bharat Abhiyan started with the initiative of a group of dedicated faculty members of the Indian Institute of Technology (IIT) Delhi working for a long in the area of rural development and appropriate technology. The concept was nurtured through wide consultation with the representatives of a number of technical institutions, Rural Technology Action Group (RuTAG) coordinators, voluntary organizations, and government agencies, actively involved in rural development work, during a National workshop held at IIT Delhi in September 2014.
